

INSTRUCTIONS QUESTIONNAIRE AND CODEBOOK LIFELINES FAMILY TIES

Introduction

The *Lifelines Family Ties* survey is a personalized family survey. Meaning that there was one survey per family. Dependent on the family role, family members started a personalized version of this survey. For example children were addressed less formally than adults, whereas divorced parents were asked additional questions about the parental divorce. This personalized family survey was designed using a survey flow (see below): 40 fields covering multiple family roles (e.g., 1 is always father, 2 is always mother). The names of the family members were filled out in the survey flow by the researcher. The participant could then select his/her name in A_ID and answer the network questions about his/her family members, not having to answer network questions about him/her self. As can be derived from the branch section (see below), selecting A_ID defines the routing through the survey.

Before using the data, please consult the information in the research package. Decisions made during the process of data cleaning, adjustments to the survey flow for one family and important notes about the data are reported in:

- Readme.txt

Process of collecting the data and the citation to use when using the data:

- de Bel, V., & van Duijn, M. A. J. (2019). *Collecting multi-actor family network data*. Department of Sociology, University of Groningen.

Abbreviations used in the data

S means son and D means daughter. TNB means temporally not available in Lifelines.

Question filters

Question filters are reported in the codebook, the questionnaires only reports filters for text boxes. If no filter variable is given in the codebook, a question is asked to all participating family members in the divorced and non-divorced families. If the question is only asked to divorced families, this is indicated by "DF ///".

Empty columns

Empty columns are automatically removed from the datafile. These columns are indicated with a (*) in the codebook. For the network questions, it should be checked with the SF variable (representing whether the family member was included in the survey flow) whether this family member was not mentioned in the survey or just not selected.

Other notes about the data.

Aunt 1 and uncle 1 are a couple, same for 2-2, 3-3 etc.

If no Lifelines number is stated, gender is derived from the name.

Children under 18 were asked the 'je' questions, everyone above 18 was asked the 'u' questions. The 'je' and 'u' questions are combined by the Lifelines data manager before the raw data files were constructed. The 'je' and 'u' questions are available in the questionnaire.

The logo for 'lifelines familiebanden' is displayed on a teal background. The word 'lifelines' is in white lowercase letters, followed by a circular icon with horizontal lines, and then 'familiebanden' in white lowercase letters.

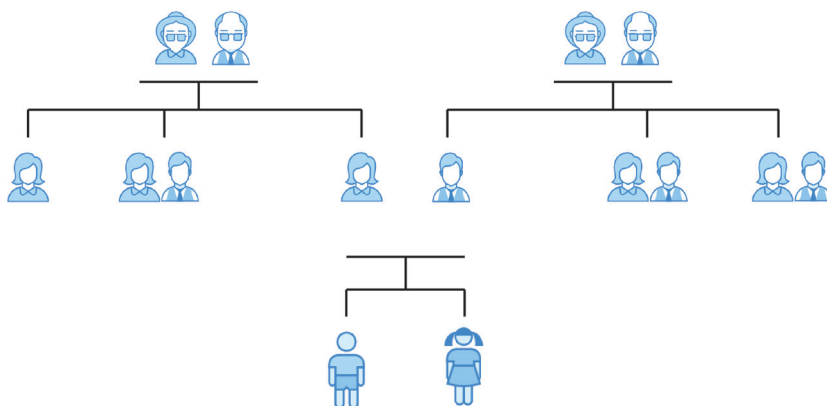

Welkom bij het onderzoek **Familiebanden**, een samenwerking van **Lifelines** met de afdeling **Sociologie van de Rijksuniversiteit Groningen**. Bedankt dat u de vragenlijst in wilt vullen.

De vragenlijst bestaat uit **6 delen**:

1. Introductievragen
2. Vragen over de scheiding in uw familie
3. Vragen over uw welbevinden en familie waarden
4. Vragen over uw familiebanden
5. Vragen over vrienden, kennissen, burens en collega's
6. Commentaar op de vragenlijst

Indien van sommige familieleden een **familierol i.p.v. naam** staat genoteerd dan is dat omdat deze familieleden geen toestemming voor het gebruik van hun naam in de vragenlijst hebben gegeven. De rollen zijn vanuit de kinderen te begrijpen (Bijvoorbeeld: "opa vaders kant" is de vader van de centrale vader in de familie).

We verwachten dat het invullen van de vragenlijst ongeveer **30 minuten** duurt. We vinden het heel fijn dat u de vragenlijst in wilt vullen. Alvast bedankt voor uw tijd.

A_ID Wie bent u van deze lijst familieleden?

Kijkt u alstublieft goed waar uw naam staat, we beginnen bij de centrale ouders ($\{e://Field/Familielid_1\}$ en $\{e://Field/Familielid_2\}$) in deze familie, daarna volgen de kinderen van deze ouders, vervolgens komen de namen van de familie aan vaders kant en tenslotte de namen van de familie aan moeders kant.

Je mag zelf beslissen of je de vragenlijst in wilt vullen. Als je eenmaal bent begonnen met het invullen van de vragenlijst mag je er op elk moment mee ophouden. Niemand van jouw familie komt te weten wat jij hebt ingevuld. Je antwoorden komen alleen terecht bij de onderzoekers, zonder je naam erbij. Je kunt als je gestopt bent met invullen later verder gaan met het invullen van de vragenlijst als je dezelfde link op dezelfde computer (of op je telefoon of tablet) gebruikt. De antwoorden worden pas aan het eind van de vragenlijst opgeslagen. Als je hieronder “mee

2. Vragen over de scheiding in uw familie
- 3. Vragen over uw welbevinden en familie waarden**
4. Vragen over uw familiebanden
5. Vragen over vrienden, kennissen, burens en collega's
6. Commentaar op de vragenlijst

Dit gedeelte van de vragenlijst gaat over **hoe het op dit moment met u gaat**, we vragen u daarom hoe u zich de afgelopen periode (bijvoorbeeld de afgelopen 4 weken, dit staat bij de vraag) voelde. Daarna gebruiken we vaak de term "op dit moment", daarmee bedoelen we hoe u zich nu in het algemeen voelt.

Daarna vragen we iets wat misschien moeilijk te herinneren is omdat het lang geleden is of omdat niet alle familieleden het op dezelfde manier ervaren hebben, namelijk **hoe u zich (bij benadering) voelde in de periode vóór de scheiding in uw familie**. Vragen over de periode vóór de scheiding worden niet aan stieffamilieleden gesteld.

Let op, mocht u zelf ook gescheiden zijn, het gaat hier om de scheiding van \${e://Field/Familieid_1} en \${e://Field/Familieid_2}.

Beantwoord de vraag met de antwoordcategorie die het beste beschrijft hoe u zich de afgelopen 4 weken en in de periode vóór deze scheiding voelde: nooit, zelden, soms, vaak, zeer vaak.

5. Vragen over vrienden, kennissen, burens en collega's
6. Commentaar op de vragenlijst

Dit gedeelte van de vragenlijst gaat over **hoe het op dit moment met je gaat**, we vragen je daarom hoe je je de afgelopen periode (bijvoorbeeld de afgelopen 4 weken, dit staat bij de vraag) voelde. Daarna gebruiken we vaak de term "op dit moment", daarmee bedoelen we hoe je je nu in het algemeen voelt.

Daarna vragen we iets wat misschien moeilijk te herinneren is omdat het lang geleden is of omdat niet alle familieleden het op dezelfde manier ervaren hebben, namelijk **hoe je je (ongeveer) voelde in de periode vóór de scheiding van \${e://Field/Familielid_1} en \${e://Field/Familielid_2}**. Vragen over de periode vóór de scheiding worden niet aan stieffamilieleden gesteld.

Beantwoord de vraag met de antwoordcategorie die het beste beschrijft hoe je je de afgelopen 4 weken en in de periode vóór deze scheiding voelde.

Deel 4 van de vragenlijst

1. Introductievragen
2. Vragen over de scheiding in uw familie
3. Vragen over uw welbevinden en familie waarden

4. Vragen over uw familiebanden

- Contact
 - Affectie
 - Emotionele steun
 - Materiële steun
 - Instrumentele steun
 - Hoe ziet u de relaties van uw familieleden?
5. Vragen over vrienden, kennissen, buren en collega's
 6. Commentaar op de vragenlijst

Dit gedeelte van de vragenlijst gaat over de **familiebanden in uw familie**. Het kan in sommige gevallen zo zijn dat er weinig of geen contact is tussen u en deze tak van familieleden. Bijvoorbeeld omdat ooms en tantes van beide takken elkaar niet kennen.

We maken wederom een tweedeling met vragen over hoe u de relaties **op dit moment** ervaart en hoe dit was **in de periode vóór de scheiding**.

Let op, mocht u vaker gescheiden zijn, het gaat hier wederom om de scheiding van $\{e://Field/Familielid_1\}$ en $\{e://Field/Familielid_2\}$.

Is er in de vragen naar familiebanden een familielid is opgenomen die overleden is, dan mag u voor die vragen antwoorden dat u op dit moment geen contact met dit familielid heeft. U kunt wel informatie geven over de relatie met dit familielid in de periode vóór de scheiding als dit familielid toen nog in leven was.

Vanaf nu geldt: er zijn voor iedere vraag **meerdere antwoorden mogelijk**.

Dit gedeelte van de vragenlijst gaat over de **familiebanden in uw familie**. Het kan in sommige gevallen zo zijn dat er weinig of geen contact is tussen u en deze tak van familieleden. Bijvoorbeeld omdat ooms en tantes van beide takken elkaar niet kennen.

We maken wederom een tweedeling met vragen over hoe u de relaties **op dit moment** ervaart en hoe dit was **in de periode vóór de scheiding**. Vragen over de periode vóór de scheiding worden niet aan stieffamilieleden gesteld.

Omdat ouders **centraal staan in het familienetwerk** willen we u tenslotte nog vragen welke familieleden volgens u een **sterke band** hebben met elkaar. Daar vragen we u welke familieleden juist **niet zo'n sterke van met elkaar** hebben.

Wie hebben er **op dit moment een sterke band** met elkaar?

Indien van sommige familieleden een familierol i.p.v. naam staat genoteerd dan is dat omdat deze familieleden geen toestemming voor het gebruik van hun naam in de vragenlijst hebben gegeven. De rollen zijn vanuit de kinderen te begrijpen (Bijvoorbeeld: "opa vaders kant" is de vader van de centrale vader in de familie).

We verwachten dat het invullen van de vragenlijst ongeveer **30 minuten** duurt. We vinden het heel fijn dat u de vragenlijst in wilt vullen. Alvast bedankt voor uw tijd.
